**MISSION**

Optimize health and academic achievement among young people through access to quality, integrated health care in schools.

**VISION**

Health and academic outcomes for kids are no longer predicted by circumstance.

**VALUES**

**Advocacy:** Publicly promote positive outcomes for school-based health centers and the young people they serve; empower young people as agents of their future.

**Leadership:** Model the way through expertise, initiative and strategic partnerships.

**Equity:** Remove barriers so all young people can achieve maximum health and educational potential.
STRATEGIC PRIORITIES 2018-2020

ELEVATE SCHOOL-BASED HEALTH CENTERS (SBHCs)
• Ensure sustainability of SBHCs.
• Expand the number and reach of SBHCs statewide.
• Improve the quality of SBHCs.

BOOST HEALTH CARE TRANSFORMATION
• Address Social Determinants of Health through SBHCs.
• Transform how health care and education work collaboratively toward health equity.

PARTNER WITH SCHOOLS AND YOUTHS
• Demonstrate the value of SBHCs to the educational mission of schools.
• Equip young people to be agents of their own health; advocate for fair and just opportunities for all young people to be healthy.
STRATEGIC PRIORITIES 2018-2020
MEASURABLES

ELEVATE SCHOOL-BASED HEALTH CENTERS (SBHCs)

- Ensure sustainability of SBHCs.
  - Increase patient revenue across SBHCs from 43.5% to 50%.
  - Secure $18 million in state funding for SBHCs between 2018 and 2020.

- Expand the number and reach of SBHCs statewide.
  - Increase the number of SBHCs from 58 to 68.
  - Increase the number of SBHC users from 37,000 to 44,000.

- Improve the quality of SBHCs in partnership with the Colorado Department of Public Health and Environment.
  - Ensure that 100% of SBHCs are tracking a minimum of five quality indicators aligned with state and national efforts.
  - Fully implement SBIRT (Screening Brief Intervention and Referral to Treatment) in 20 SBHCs.
  - Increase the number of SBHCs that offer comprehensive reproductive health services. *(Conduct needs assessment in 2018 to determine metrics.)*
  - Host a minimum of six trainings annually for SBHCs, in addition to the annual conference.
STRATEGIC PRIORITIES 2018-2020
MEASURABLES

BOOST HEALTH CARE TRANSFORMATION

- Address Social Determinants of Health through SBHCs.
  - Pilot the implementation of an electronic screening tool for Adverse Childhood Experiences (ACEs) and resiliency in a minimum of 10 SBHCs.
  - Support a minimum of five SBHCs screening for and providing enhanced resources to address social determinants of health.

- Transform how health care and education work collaboratively toward health equity.
  - Broker one demonstration project between a Regional Accountability Entity (RAE) and SBHCs in that region to optimize the rate of Well-Child Exams among 3-9 year-olds enrolled in Medicaid.
PARTNER WITH SCHOOLS AND YOUNG PEOPLE

- Demonstrate the value of SBHCs to the educational mission of schools.
  - Initiate one research project demonstrating the impact of SBHCs on indicators related to student learning.
  - Support a minimum of four SBHCs to provide trainings to all-school staff about trauma, and facilitate those communities toward more trauma-informed practices in schools.

- Equip young people to be agents of their own health; advocate for fair and just opportunities for all young people to be healthy.
  - Implement a youth voice project in seven communities on the Western Slope focused on improving health services for young people; host 14 community events to share findings with policymakers and community members.
  - Create an adolescent-friendly report of personal results for each SBHC user who completes the electronic risk assessment “Just Health.”
